Dear Mr. Boissoneau:

On November 19 & 20, 2001, the Department of Environmental Services, Waste Management Division (DES) conducted an inspection of the Electropac Company, Inc. (Electropac). The purpose of the inspection was to determine Electropac's compliance status relative to RSA Ch. 147-A and the New Hampshire Hazardous Waste Rules, Env-Wm 100-1100.

As a result of the inspection, Electropac was issued Letter of Deficiency No. WMD 02-21 ("LOD"). Based upon a review of Electropac's submittals dated April 9, 2002 and October 25, 2002, DES has determined that your facility has corrected the deficiencies identified in the LOD.

This Letter of Compliance does not release Electropac from liability for penalties to which it may be subject for the deficiencies identified in the LOD.

Please be advised that DES will continue to monitor Electropac's compliance status through record reviews and on-site inspections.

If you have any questions regarding this letter, please contact the lead inspector, Eric K. Abrams or John J. Duclos, Supervisor of the Hazardous Waste Compliance Section at (603) 271-2942. Thank you for your cooperation.

Sincerely,
